Accepting University (Number of Scholars)	Kyushu University (2) Graduate School of Law LL.M. Program in International Economic and Business Law -Master of Laws (LL.M)
Background and Needs	
<p>In Mongolia, the economic development has accelerated by capital inflow yielded from mineral resource development, and the boom of coral and blond in international market. Whilst, the heavy dependence on revenues produced by the mineral resource development is pointed out, and the economy and finance are susceptible to international market and prices of mineral resources.</p> <p>In order to make the economy of Mongolia sustainable, reforming the finance market opened for foreign investors and diversifying the ways to collect capitals for enterprises are needed as close attentions are paid on the stability in the finance system.</p> <p>The targeted issues to effectively use the excess revenues from minerals for the sustainable development of Mongolia are: maintenance of robust fiscal regulations; sustainable national development policies which are hard to be influenced by political changes; reinforcement of healthy fiscal management and financial functions; a lack of technocrat for reinforcement of legislation. JDS Project is expected to improve the capability of working-level officials who can cooperate with ongoing JICA projects and generate synergy effects.</p>	
Objective	
<p>(1) Project Objective The objective is to strengthen the government's administrative capacities in the country, through providing opportunities to obtain the Master's degree to the young capable government officials who are expected to play leadership roles to contribute to the socio-economic development of the country. It also aims to build a human network, and eventually strengthen the bilateral relationship / partnership between Japan and Mongolia.</p> <p>(2) Project Design</p> <p>1) Overall goal To ensure that the human resource development through JDS Project will help to improve the institutional capacities of relevant administrative institutions, which are engaged in financial management, strengthening of financial policy, and improvement of regal system.</p> <p>2) Project purpose To ensure that government officials, who are engaged in financial management, financial policy, and improvement of regal system, improve their capability of policy making, implementation and dialogue with its market.</p>
