IUJ

OVERVIEW 2026-27

A man in a grey suit and light blue shirt stands at the front of a classroom, smiling and clapping his hands. He is facing a large projection screen that displays a presentation titled "Project Milestones". The screen shows a horizontal flowchart with several blue arrow-shaped boxes connected by lines. In the foreground, the backs of two students are visible: a man with dark hair on the left and a woman with long brown hair on the right, both seated at desks. The classroom has a blue wall at the top and a whiteboard on the left.

Dive in.

Connect with global minds on a campus fueled by passion.

Unlock the knowledge to drive the future.

Build the leadership to transcend borders and break new ground.

Write your next chapter with a decisive, definitive first step.

At IUJ.

Program Overview

GSIR (Graduate School of International Relations)

Master's programs (2-year track)

IRP International Relations Program

#Geopolitics #Global Governance #Security Studies

The IRP builds expertise in global politics, diplomacy, and security through a multidisciplinary curriculum. Students gain insights from experienced faculty and peers from diverse backgrounds, preparing for careers in diplomacy and international affairs.

Degree MA in International Relations / MA in Political Science

IDP International Development Program

#Economic Development #Policy Evaluation #Data Analysis

The IDP provides practical and theoretical training to tackle global development challenges. Students learn to design and evaluate policies, preparing for roles in international organizations, NGOs, and government agencies.

Degree MA in International Development / MA in Economics

PMPP Public Management and Policy Analysis Program

#Public Policy #Public Management #Governance

The PMPP focuses on evidence-based policymaking and public sector reform. Through data-driven analysis and leadership training, students are equipped to drive change in public institutions, especially in developing and transitional economies.

Degree MA in Public Management / MA in Public Policy

JGDP Japan-Global Development Program

#Regional Revitalization #Sustainable Development #Japan's Development Experience

The JGDP helps students understand Japan's development experience and apply it globally. It supports future leaders and policymakers in shaping strategies based on Japan's lessons, while enabling Japanese students to present Japan's role in international contexts.

Degree MA in International Relations / MA in International Development / MA in Economics / MA in Public Management

Master's program (1-year track)

IPPP International Public Policy Program

#Leadership Development #International Affairs #Public Policy

The IPPP is a one-year program for mid-career diplomats and public officials, developed in collaboration with JICA. Students choose a focus in either International Affairs or Public Policy based on their background and goals. The program helps participants reflect on their experiences, strengthen their analytical skills, and approach global policy issues from broad, long-term perspectives.

Degree Master of International Public Policy

PhD program (3-year track)

International Relations Cluster

#International Relations #Security Studies #Global Governance

Develops experts in International Relations with advanced research skills applicable to careers in security policy and international or governmental organizations.

Degree PhD in International Relations

Economics Cluster

#Quantitative Analysis #Economic Development #Evidence-Based Policy

Develops economists with advanced research skills in quantitative and statistical methods, applicable to roles in economic development and policy within international and governmental organizations.

Degree PhD in Economics

Public Management Cluster

#Public Governance #Policy Analysis #Institutional Reform

Develops experts in Public Management with advanced research skills, applicable to roles in effective management within international and governmental organizations.

Degree PhD in Public Management

GSIM (Graduate School of International Management)

Master's programs (2-year track)

MBA

#Integrated Management Capability

#Organizational Leadership

The MBA program builds strong fundamentals in management while enhancing leadership, analytical, and cross-cultural skills. Students can tailor their learning with electives and benefit from Japanese language support for career success in Japan.

Degree Master of Business Administration

JGDP Japan-Global Development Program

#Global Leadership

#Japan's Development Experience

The JGDP helps future global leaders understand Japan's development experience and apply its lessons to policy and strategy in their own countries. It also enables Japanese students to explain Japan's path in global contexts.

Degree Master of Business Administration

Master's programs (1-year track)

IMBA Intensive MBA

#Strategic Thinking

#Global Business Perspective

The one-year IMBA program is a compact and intensive program that sharpens core business skills. Using case studies and capstone courses, it prepares future leaders to deliver innovative solutions in dynamic business settings.

Degree Master of Business Administration

DXP Digital Transformation Program

#Innovation Management

#Digital Transformation Leadership

#Management Training

The DXP combines digital technology and management training to develop leaders for the digital age. Students gain hands-on experience with AI, data science, blockchain, and digital strategy through practical, team-based learning.

Degree Master of Digital Management

Master's program (3 terms + Field Study)

ISEP International Social Entrepreneurship Program

#Changemakers

#Fieldwork & Business Plan

#Global Mindset

#Social Innovation

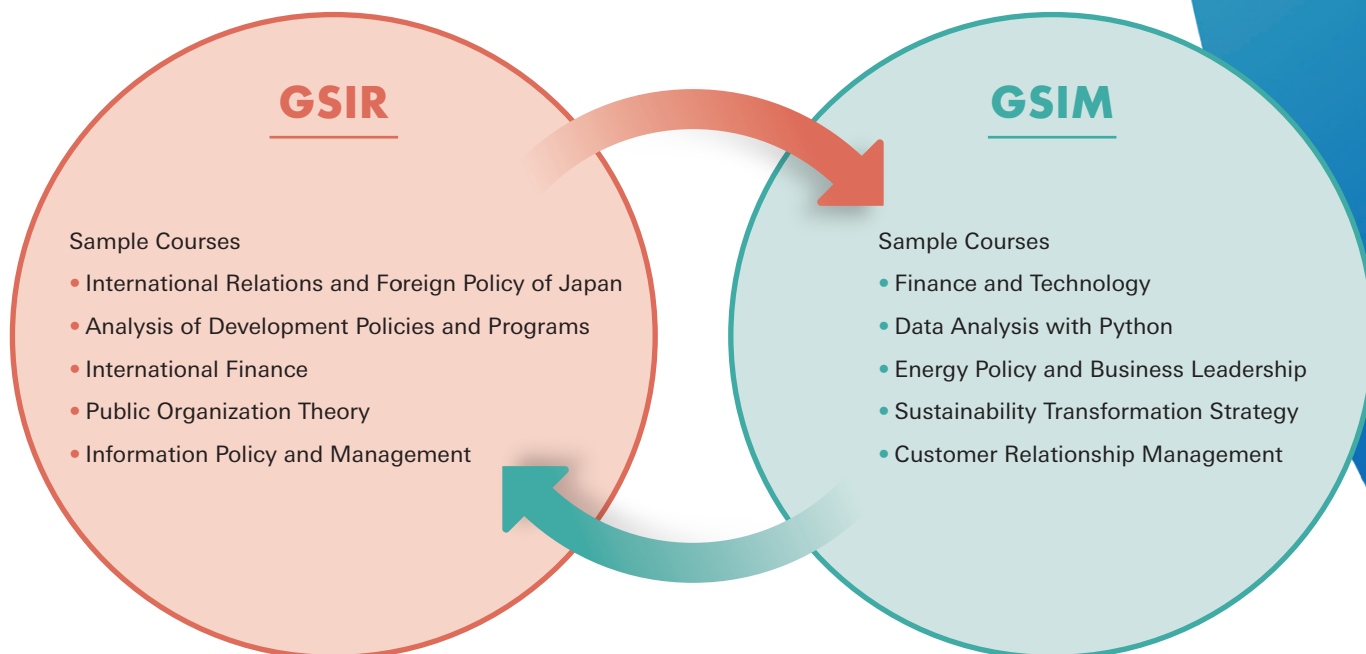

The ISEP equips aspiring changemakers with skills and experience to tackle social issues through business or development work. Fieldwork and business plan trials prepare students for real-world social impact.

Degree Master of Social Entrepreneurship

*JOCV ex-participants or candidates / International JICA scholars only

Cross-Registration

IUJ's unique cross-registration system allows students to customize their graduate education according to their career goals by taking courses offered by both graduate schools, broadening their academic perspectives and expanding their expertise.

Language Programs (CLEAR)

To support students' academic success and career goals, IUJ offers two language programs through the Center for Language Education and Research (CLEAR): English and Japanese.

English Program

The English Program includes a wide range of courses to build academic, business, and practical English skills. Highlights include the Intensive English Program (IEP) for incoming students and professionals, as well as specialized courses in academic writing, research, and professional communication.

Japanese Program

The Japanese Program provides structured instruction from beginner to advanced levels. Emphasis is placed on communication skills and discussion of specialized topics. Business Japanese and an annual student presentation event are also offered. In addition, the program places a strong emphasis on supporting students in passing the Japanese Language Proficiency Test (JLPT). Students are encouraged to learn basic Japanese prior to arrival.

Achievement of each Japanese course

Course	JLPT level	Number of Kanji	OPI
Advanced	N2	1000–	Advanced Low / Mid
Upper-Intermediate	N3 or N2	900	Advanced Low or above
Intermediate	N3	600	Intermediate High
Elementary	N4 or N5	300	Intermediate Low / Intermediate Mid

Conditions

At IUJ, the exchange program is an integral part of the academic experience. By studying in a different cultural and educational environment, students broaden their perspectives and develop the adaptability and global mindset essential in today's world.

Duration and Timing

The program typically takes place during the fall term of the second year and lasts for approximately 3-4 months

Eligibility

Minimum cumulative GPA of 3.30 (out of 4.00) at the end of the first year

Tuition and Expenses

- Tuition at the host institution: Waived under exchange agreements
- Tuition at IUJ: Payable as students remain enrolled
- Other expenses: Travel and living costs are the responsibility of the student

Credit Transfer

Credit earned at the host institution can be transferred toward IUJ degree requirements, with up to 10 credits recognized. GSIM students are required to earn at least 6 credits at the host institution

For One-Year Track Students

Students enrolled in one-year tracks may also participate in the exchange program after completing their curriculum. In this case, enrollment must be extended through the following fall term, and graduation will be postponed until the end of December of the following year. Please note that additional tuition for the extended term will apply.

Career Support

Helping you achieve your goals every step of the way

We offer a broad range of personalized career services in English, designed to support the diverse goals of international students. Whether you are starting a career in Japan or pursuing opportunities abroad, we provide the tools, resources, and networks needed for success.

Examples of IUJ Career Support Services

Opportunities of Japanese Language Education at IUJ

When job hunting in Japan, Japanese proficiency is essential. If your Japanese proficiency level is at the business level or higher, you will have a greater chance of success in finding a job in Japan. At IUJ, we offer various opportunities to improve your Japanese, including small-group classes tailored to proficiency levels, a Japanese Speaking Club, and Tadoku (extensive reading) sessions. In addition, we give a JLPT Study Support Grant to help students take N2 or N1 of the Japanese-Language Proficiency Test.
